Dodge Dakota Crankshaft Position Sensor - Best Crankshaft ...

I have a 92 dodge Dakota it will not start whatsoever. My coolant hose had a hole in it, so it was overheating. The day after the coolant hose got a hole in it I started it and it started I then replaced the coolant hose and it won't start at all. It will turn over but won't fire, the spark plugs are sparking and I can smell gas which means the fuel injectors are working.
