Abstract. This article argues that racial segregation is crucial to explaining the emergence of the urban underclass during the 1970s. A strong interaction between rising rates of poverty and high levels of residential segregation explains where, why and in which groups the underclass arose. This argument is developed with simulations that replicate the economic conditions observed among blacks and whites in metropolitan areas during the 1970s but assume different conditions of racial and ...

~~Segregation in the United States—~~ **HISTORY**

Apartheid was a system of racial segregation laws that were legally enforced in South Africa from 1948 to 1991. Segregation, particularly in the US, was similar racial segregation laws in place to separate whites from those of different races. Segregation was observed in schools, public transport, parks, hotels, work, and in almost all aspects of public interaction.
