A guide to putting cognitive diversity to work Ever wonder what it is that makes two people click or clash? Or why some groups excel while others fumble? Or how you, as a leader, can make or break team potential? Business Chemistry holds the answers. Based on extensive research and analytics, plus years of proven success in the field, the Business Chemistry framework provides a simple yet powerful way to identify meaningful differences between people ' s working styles. Who

seeks possibilities and who seeks stability? Who values challenge and who values connection? Business Chemistry will help you grasp where others are coming from, appreciate the value they bring, and determine what they need in order to excel. It offers practical ways to be more effective as an individual and as a leader. Imagine you had a more in-depth understanding of yourself and why you thrive in some work environments and flounder in others. Suppose you had a clearer view on what to do about it so that you could always perform at your best. Imagine you had more insight into what makes people tick and what ticks them off, how some interactions unlock potential while others shut people down. Suppose you could gain people ' s trust, influence them, motivate them, and get the very most out of your work relationships. Imagine you knew how to create a work environment where all types of people excel, even if they have conflicting perspectives, preferences and needs. Suppose you could activate the potential benefits of diversity on your teams and in your organizations, improving collaboration to achieve the group ' s collective potential. Business Chemistry offers all of this--you don ' t have to leave it up to chance, and you shouldn ' t. Let this book guide you in creating great chemistry!

Never HIGHLIGHT a Book Again Virtually all testable terms, concepts, persons, places, and events are included. Cram101 Textbook Outlines gives all of the outlines, highlights, notes for your textbook with optional online practice tests. Only Cram101 Outlines are Textbook Specific. Cram101 is NOT the Textbook. Accompanys: 9780521673761

The Ever-Changing Mold of Modern Business Communication. Business Communication Today continually demonstrates the inherent connection between recent technological developments and modern business practices.

The Law of Journalism and Mass Communication, Sixth Edition, by Robert Trager, Susan Dente Ross, and Amy Reynolds offers a clear and engaging introduction to media law with comprehensive coverage and analysis of key cases for future journalists and media professionals. You are introduced to key legal issues at the start of each chapter, building your critical thinking skills before progressing to real-world landmark cases that demonstrate how media law is applied today. Contemporary examples, emerging legal topics, international issues, and cutting-edge research all help you to retain and apply principles of media law in practice. The thoroughly revised Sixth Edition has been reorganized and shortened to 12 chapters, streamlining the content and offering instructors more opportunities for classroom activities. This edition also goes beyond the judiciary—including discussions of tweets and public protests, alcohol ads in university newspapers, global data privacy and cybersecurity, libel on the internet, and free speech on college campuses—to show how the law affects the ways mass communication works and how people perceive and receive that work.
