Canádian on al **Professional Engineering And** Geoscience ... Canada's engineering profession is uniquely regulated. Fach of the thirteen provinces and territories has legislated that engineering work may only be

performed by individuals who meet specific experiential and educational requirements and hold a valid **Professional** Engineer ("P.Eng.") license. Unlicensed individuals may work within the engineering profession, but are Page 40/47

prohibited from using the title "Engineer" and must work under the supervision of a responsible licenseholder.
