Manual
manual - javelinbook.herokuapp.com

If I had to rate just the cat dissection guide, it would get a 1 (which is what I feel like giving it since that's what I'm doing in class). I'm not sure why they decided to skimp so much on the cat dissection, but I guess that's why it's in a smaller font size than the rest of the title. To be fair, the

universally wrong - it'll work quite well in cartoons, where the characters use their legs as propellers. In real world though, the hind legs reach at most 120 degrees rotation (even as cheetahs). Also, the cat will try to keep its head on the same position while running; unless it's some mad zombie-cat (check the animation

Dissection Manual

Step 1: In the biology lab, you will be working with specimens that have been preserved in chemicals and you will be working with sharp instruments. Before you start, obtain safety goggles, and nitrile gloves. Nitrile gloves come in different sizes, most women will wear a medium and most men will wear a large. This can vary though. Try not to
