Your child's summer partner in building grade 3 success! Summer Link Math plus Reading offers second-grade children skill-and-drill practice in key subject areas to help them get ready for third grade over the summer months. Aligned to state and national

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

Summer Link Math Plus Reading is designed to be a fun way to help a child prepare for the grade ahead during the summer. Each 320-page book includes fun learning activities covering a range of topics in math and reading. The activities review skills from the previous grade and gradually increasing in difficulty to prepare a child for the grade ahead. --Summer Link Math Plus Reading is designed for parents looking for a fun and affordable way to help their children stop the summer learning slide and prepare for the grade ahead during the 10 weeks of summer. The easy-to-use full-color activities review and extend essential skills and increase confidence at school. A Test Practice section at the end of each book provides tips and practice for standardized tests and will allow the child to review the topics covered.

A skills checklist for parents, a recommended summer reading list, and an answer key are also included.

GRADES PK–1: With age-appropriate activities, this beginning math workbook helps children build knowledge and skills for a solid foundation in number recognition and counting. **INCLUDES:** This elementary workbook features easy-to-follow instructions and practice on key topics such as place value, counting, comparing numbers, addition and subtraction, graphing, and more! **ENGAGING:** This numbers-based workbook features colorful photographs and illustrations with fun, focused activities to entertain children while they grasp concepts and skills for success. **HOMESCHOOL FRIENDLY:** This elementary workbook for kids is a great learning resource for at home or in the classroom and allows parents to supplement their children's learning in the areas they need it most. **WHY CARSON DELLOSA:** Founded by two teachers more than 40 years ago, Carson Dellosa believes that education is everywhere and is passionate about making products that inspire life's learning moments.

With more than 110 easy-to-use, reproducible worksheets, this series is ideal for enrichment or for use as reinforcement. The instant activities in these books are perfect for use at school or as homework. They feature basic core subject areas including language arts, math, science, and social studies.

Easy for your child to use, Making the Grade Math for Grade 2 will reinforce early math skills. Following state learning standards, this workbook provides practice for these basic skills: addition and subtraction with regrouping, skip-counting, and counting money. Using a gradual approach, this math workbook for second grade will help build the strong foundation in math your child needs as he or she learns, practices, and applies each skill. Making the Grade Math books appeal to your child with colorful, engaging activities while providing quick practice to support basic math skills. With the Making the Grade series, you will be certain to choose the perfect workbook to reinforce the skills your child is learning at school. Each 48-page workbook in the Making the Grade series is filled with standards-based activities that include easy-to-follow instructions and an answer key. The series offers grade-specific titles for these main school subject areas: Reading (PK–Grade 5), Math (PK–Grade 5), Basic Skills (PK–Grade 2), and Handwriting (K–Grade 5)

Mastering Basic Skills(R) Second Grade includes comprehensive content essential to second graders. Topics include reading comprehension, phonics, language arts, grammar, writing, time and money, and math. The Mastering Basic Skills(R) series includes grade-specific math and language arts activities as well as reading lists, skills checklists, awards, and mini books. The comprehensive content and extra features increase the value of this series making it an appealing choice to parents looking for extra at-home practice for their child.

Creative Kids Zone is the optimal workbook for every 21st century learner. It combines solid, standards-based math, language arts, and science content with fun stories, crafts, and games. Children can flip between the five color-coded zones, Craft, Math, Story, Science, and Game to discover a wealth of creative activities that present important content while keeping boredom at bay! Each zone features different activity formats to reinforce essential skills: *Craft Zone—develops fine motor skills and enhances the creativity and collaboration a 21st century learner must possess *Math Zone—features grade-specific math activities that equip children with the math skills needed for school readiness *Story Zone—includes three, six-page removable storybooks children can cut out, read, and share while developing early reading and writing skills *Science Zone—includes fun, hands-on experiments and activities that relate to subject content *Game Zone—reinforces critical thinking and logic skills while supporting the lessons taught in the other zones Each grade-specific Creative Kids Zone workbook features 256 pages of standards-based content combined in a dynamic format with bright illustrations, a colorful character poster, and an additional Answer Zone to help students achieve subject mastery. This winning combination easily provides the fun and engagement that children love with the educationally sound content that parents desire.

Total Math and Reading for grade 2 is a must-have, comprehensive guide to skill mastery. This standards-based resource provides a variety of challenges, practice, puzzles, games, and activities to help children learn time, money, addition, subtraction, phonics, parts of speech, and more. The Total Math and Reading series for grades PreK-2 boosts school skills while keeping children engaged with at-home learning! Designed to establish and support a strong foundation in math and reading, each book offers challenging, grade-appropriate lessons with clear explanations, colorful art, and skill-sharpening practice. Challenging extension activities are included to help children enhance critical-thinking skills.
