This was a company town in the truest sense of the word. By the 1950s, the Kennecott Copper Corporation was the owner of both the mine and Santa Rita itself. Mining operations had become so large scale that the pit surrounded the town. Santa Rita had to go. Now there is only empty air where the town used to be.

The announcement, made in concert with Appian Capital Advisory LLP (the owner of Atlantic Nickel), follows the recommencement of open-pit mining at Santa Rita in August 2019. This new NI 43-101 technical report outlines a 34-year mine life for Santa Rita, in Bahia, with eight years of open-pit production, underpinned by proven and probable reserves of 50.6 Mt at 0.31% NiS, and 26 years of underground mining.

~~Atlantic Nickel ready to delve underground for Santa Rita ...~~

Copper mining in the area began late in the Spanish colonial period, but it was not until 1803 that Francisco Manuel Elguea, a Chihuahua banker and businessman, founded the town of Santa Rita. He named it Santa Rita del Cobre (Saint Rita of the Copper), after Saint Rita of Cascia and the existing mine. During the early 19th century the mine produced over 6 million pounds of copper annually. The crudely smeltered ore was shipped to Chihuahua for further
