The United States is in the midst of a new Golden Age of legal weed. Recreational marijuana is now legal in four states--Washington, Colorado, Oregon, and Alaska--and Washington, DC, while medical marijuana is legal in 25 states and counting. This definitive, hands-on, and experienced guide to the new world of decriminalized recreational marijuana, written by the lovingly blunt and unfailingly witty David Schmader, will educate and entertain the novice and experienced user alike. Complete with history, ways to enjoy, recipes, safety and legality tips, and medical-use information, this witty guide is perfect for gift giving.

Veteran marriage coach Daniel L. Tocchini doesn't want to improve marriages. He wants to transform them. Drawing on personal experience and stories from couples he has coached, he offers practical guidance to move couples beyond communication tricks and gimmicks to help them truly understand "Us" for the first time—talking honestly, listening generously, tackling tricky issues, breaking out of ruts, and abandoning self-centered "consumer thinking." Innovative, insightful, and thoroughly biblical, Tocchini's approach has helped thousands in his popular seminars. Whether a marriage is in deep trouble or just coasting along, it's time for Christian couples to read the User's Guide that God intended.

The #1 guide to the principles and clinical applications of evidence-based medicine has just gotten better! A Doody's Core Title ESSENTIAL PURCHASE for 2011! No other resource helps you to put key evidence-based medicine protocols into daily clinical practice better than Users' Guides to the Medical Literature. An instant classic in its first edition, this detailed, yet highly readable reference demystifies the statistical, analytical, and clinical principles of evidence-based medicine, giving you a hands-on, practical resource that no other text can match. Here, you'll learn how to distinguish solid medical evidence from poor medical evidence, devise the best search strategies for each clinical question, critically appraise the medical literature, and optimally tailor evidence-based medicine for each patient. The new second edition of this landmark resource is now completely revised and refreshed throughout, with expanded coverage of both basic and advanced issues in using evidence-based medicine in clinical practice. FEATURES: Completely revised and updated to reflect the enormous expansion in medical research and evidence-based resources since the first edition Innovative organization guides you from the fundamentals of using the medical literature to the more advanced strategies and skills for use in every day patient care situations Abundant and current real-world examples drawn from the medical literature are woven throughout, and include important related principles and pitfalls in using medical literature in patient care decisions Practical focus on the key issues in evidence-based practice: What are the results? Are the results valid? How to I apply to results to the care of my patients? More than 60 internationally recognized editors and contributors from the U.S., Canada, South America, Europe, and Asia -- the best of the best in the discipline NEW coverage on how to: --Avoid being misled by biased presentations of research findings --Interpret the significance of clinical trials that are discontinued early --Influence clinician behavior to improve patient care --Apply key strategies for teaching evidence-based medicine Also look for JAMAevidence.com, a new interactive database for the best practice of evidence based medicine.

Dr. Bailey's commentary on the Book of Daniel offers an insightful analysis of this precious book, showing us what will happen to a people, a nation, or an individual who honors the Lord. All who choose wisdom, purity of heart, and righteousness shall prosper and be eventually honored by the Lord. Through the pages of this book you will experience the excitement of discovery as Dr. Bailey clearly unfolds the hidden mysteries of the present and future events in Europe and the Middle East. As he walks us progressively through the book of Daniel, he skillfully provides valuable keys that unlock the treasury of truths contained therein.

Provides information on manuscript preparation, punctuation, spelling, quotations, captions, tables, abbreviations, references, bibliographies, notes, and indexes, with sections on journals and electronic media.

Dan Hardy has used every available resource in his 20-year career as a pool professional to add to his store of knowledge about making and keeping water safe. An untiring and dedicated 'Pool Doctor', he has become the 'go to' man for owners of some of the world's largest, most ornate, and expensive private swimming pools -- including that of award-winning actor Mr John Travolta and his wife, Kelly Preston. Dan started working on pools as a boy in his dad's firm. Not content with doing routine maintenance, he began learning all he could about chemicals, mechanics, and safety. In this book he may just be a lifesaver to pool owners who want to save money on maintenance but need to know how to handle poisons safely. Pool maintenance business owners will want to have this book on hand as an easy guide to repairing filtration and pumps and dealing with serious pool problems. And anyone who wishes to have such a career could have no better mentor than Dan Hardy.

Writers and editors of Spanish have long needed an authoritative guide to written language usage, similar to The MLA Style Manual and The Chicago Manual of Style. And here it is! This reference guide provides comprehensive information on how the Spanish language is copyedited for publication. The book covers these major areas: Language basics: capitalization, word division, spelling, and punctuation. Language conventions: abbreviations, professional and personal titles, names of organizations, and nationalities. Bibliographic format, particularly how Spanish differs from English. Spanish language forms of classical authors' names. Literary and grammatical terminology. Linguistic terminology. Biblical names and allusions. A dictionary of grammatical doubts, including usage, grammatical constructions of particular words and phrases, verbal irregularities, and gender variations.
