Textbook Summary. If you're new to the field and intimidated by numbers, formulae, and everything else involved, never fear—it's elementary, my dear aspiring statistician, with Elementary Statistics (13th Edition). Solutions to all of your difficulties in learning the field can be found between these covers in a text that explores stats from every angle, explaining the proper uses—and improper misuses—of statistics, testing differences, sampling, simulation, and a whole lot more.
