The novel is directly connected to Tom Clancy's Splinter Cell: Endgame. It is unclear how much the Conviction/Endgame novels ties into the regular canon. If it is part of the same chronology of the games its unclear how details take place in relationship to the game, Splinter Cell: Conviction (including the rise of Tom Reed, and Grim's position). Chronologically the game takes place approximately two years after the novel (enough time for certain details in the game to develop).
