From four stunning and accomplished French women—at last—a fresh and spirited take on what it really means to be a Parisienne: how they dress, entertain, have fun and attempt to behave themselves. In short, frisky sections, these Parisian women give you their very original views on style, beauty, culture, attitude and men. The authors—Anne Berest, Audrey Diwan, Caroline de Maigret, and Sophie Mas—unmarried but attached, with children—have been friends for years. Talented bohemian iconoclasts with careers in the worlds of music, film, fashion and publishing, they are untypically frank and outspoken as they debunk the myths about what it means to be a French woman today. Letting you in on their secrets and flaws, they also make fun of their complicated, often contradictory feelings and behavior. They admit to being snobs, a bit self-centered, unpredictable but not unreliable. Bossy and opinionated, they are also tender and romantic. You will be taken on a first date, to a party, to some favorite haunts in Paris, to the countryside, and to one of their dinners at home with recipes even you could do -- but to be out with them is to be in for some mischief and surprises. They will tell you how to be mysterious and sensual, look natural, make your boyfriend jealous, and how they feel about children, weddings and going to the gym. And they will share their address book in Paris for where to go: At the End of the Night, for A Birthday, for a Smart Date, A Hangover, for Vintage Finds and much more. How to Be Parisian Wherever You Are will make you laugh as you slip into their shoes to become bold and free and tap into your inner cool.

Four fabulous, smart, savvy French women offer up their highly amusing insider take on Parisian life, love and liberty. How to Be a Parisianbrilliantly deconstructs the French woman's views on culture, fashion and attitude. Unlike other books on French style, this illustrated handbook is full of wit and self-deprecating humour. Authors - Anne Berest, Audrey Diwan, Caroline de Maigret and Sophie Mas - are bohemian free-thinkers and iconoclasts, and they are not afraid to cut through some of the myths. They say what you don't expect to hear, just the way you want to hear it. They are not against smoking in bed, and all for art, politics and culture, making everything look easy, and going against the grain. Including 80 black and white and colour pictures, many taken by the authors, How to Be a Parisianexplains those confusing subjects of clothes, makeup, men, culture and lifestyle as only a true Parisienne can. On the style front- You don't always have to be made up, but you should always be well dressed. Your look should always have one thing left undone - the devil is in the detail. Either go all grey hair or no grey hair. Salt and pepper is for the table. Or on how to answer the phone when he finally calls- The Parisienne lets the phone ring. (She's not waiting by the phone.) She feigns surprise upon hearing his voice. (She wasn't expecting his call.) She asks if she can call him back in five minutes. (She's in the middle of something.) The thing is, she's not alone... (Et oui- you should never have kept her waiting.) What the Parisian won't let near her wardrobe- Logos. You are not a billboard. Ugg Boots. Enough said. Don't even ask. Skimpy top. Because you're not fifteen anymore. The fake designer bag. Like fake breasts, you can't fix your insecurities through forgery. The ideal man to be seen with- He's not muscular (You'd rather think of him reading a book than lifting weights) He's unshaven (Just enough so that you never fully see the man behind the stubble) He's funny (Until he disappears) He's got something special (And it's not a car) There are many books on a Parisian's bookshelf- The books you claim you've read so many times that you actually believe you have. The books you read in school of which you only remember the main character's name. The books that you've been promising yourself you'll read next summer...for the past ten years. The books that you think make you cool. The books you keep for your children, just in case you ever have any. The books you own simply because you must and, taken together, form intangible proof that you are well read.

From the bestselling authors of How to be Parisian, what smart, savvy, fabulous French women think, feel and advise as they hit forty on life, love, and everything else Older, but Better, but Older has the playful wit, self deprecation and worldly advice we have come to expect from these bestselling authors, but now that advice is focused on the French woman's mindset as she hurtles towards forty. Caroline de Maigret and Sophie Mas are back to amuse you with how they find they are modifying their favorite bad-girl behavior as they address beauty, love, seduction as well as lifestyle, family, work, and living alone. They are still bohemian iconoclasts saying what you don't expect to hear. They will tell you things aren't what they used to be--when a thirty-year-old guy arrives at a party and does not even glance at you; when you wake up feeling great and everyone tells you how tired you look; you know you're an adult when you're excited just to go home. Neuroses vs. confidence, resistance vs. acceptance, passion vs. serenity, de Maigret and Mas through spirited short stories capture the different stages of ageing--as nostalgic but modern Parisian women. From the privately absurd to the strangely universal, this book captures moments of everyday life that will make the reader nod, cringe, and laugh out loud.

Before Françoise Sagan the literary icon there was Françoise Quoirez, an eighteen-year-old Parisian girl, who wrote a novel and needed a publisher for it.

She's nailed that French girl je ne sais quoi." --Vogue A window on the world's most stylish city, with more than 100 full-color photos and profiles of 20 diverse and inspiring Parisian women, by "the coolest, most beautiful French girl in France" (GQ) and a former editor in chief of French Elle "We've always been crazy in love with this city. . . . We love its arrogance, its clumsiness, its simplicity. And especially the women who live here." Two quintessential Parisian women--model and fashion designer Jeanne Damas and journalist Lauren Bastide--shine a spotlight on twenty real-life women of Paris, dispelling the myth that there's only one type of Parisian woman and introducing us to the city that real Parisiennes live in. They're booksellers, singers, writers, activists, and antique dealers; they live in small studios, spacious apartments, or houseboats; their ages range from fourteen to seventy . . . and all embody the effortless chic and insouciant spirit of the legendary Parisian woman. In Paris takes us into these women's lives, telling us about their careers, families, favorite nightlife spots, shopping habits, and beloved books and films. Full-color photos taken by Jeanne herself accompany charming lists of advice on the French art de vivre--from the best places to people-watch with a glass of wine after work to the perfect Parisian playlist to the ten things that a French woman would never, ever post on Instagram. Witty, elegant, and modern, In Paris is an ode to Paris through the eyes of its eternally cool women--for everyone who has ever dreamed of one day living in Paris.

Bring a Parisian je ne sais quoi to your style, wherever you live. Dress Like a Parisian is a wise and witty guide to finding your personal style, taking inspiration from how real Parisian women dress. With personal stylist and fashion blogger Aloïs Guinut as your guide, you can explore which colors, shapes and styles work best for you, whatever the occasion.
