It features English and Spanish comments that convey positive information and make constructive evaluations. This 80-page book includes a Spanish pronunciation guide, a list of basic terms, comments sorted by content area and behaviors, a parent communication log, and reproducibles.

Critical studies attempting to define and dissect American humor have been published steadily for nearly one hundred years. However, until now, key documents from that history have never been brought together in a single volume for students and scholars. *What's So Funny? Humor in American Culture*, a collection of 15 essays, examines the meaning of humor and attempts to pinpoint its impact on American culture and society, while providing a historical overview of its progression. Essays from Nancy Walker and Zita Dresner, Joseph Boskin and Joseph Dorinson, William Keough, Roy Blount, Jr., and others trace the development of American humor from the colonial period to the present, focusing on its relationship with ethnicity, gender, violence, and geography. An excellent reader for courses in American studies and American social and cultural history, *What's So Funny?* explores the traits of the American experience that have given rise to its humor.

In 1984, Johnny East, a dancer, is invited to West Berlin by mad Alice, an English girl living a bohemian life in the city at the heart of the Cold War. Alice is besotted with Johnny but on a trip to the East one day, Johnny meets and falls in love with a Russian tightrope walker in East Berlin. They begin an affair that leaves a trail of East-West transits, both legal and illegal, including one of the most daring crossings of the Berlin Wall. Twenty years on Johnny is the director of an aerial company and with an exciting new performance returns to Berlin, a new vibrant city, to face the ghosts of the past, the present, and Alice. *The Last Dance over the Berlin Wall* is a story of young love, decadence and tragedy in the walled-in city of West Berlin.

A collection of all-new urban legends - those bizarre but believable stories about batter-fried rats, spiders in hairdos, Cabbage Patch dolls that get funerals, and the like that pass by word of mouth as being the gospel truth.

This book examines turn-taking in English and Japanese conversations and political news interviews to

investigate the relationship between language and interaction.
