Marlborough His Life and Times - AbeBooks

John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. Victorious in the Battles of Blenheim, Ramillies, and countless other campaigns, Marlborough, whose political intrigues were almost as legendary as his military skill, never fought a battle he didn't win.

Results for: Marlborough: His Life and Times 4 volumes

An epic tome covering the entire life of John Churchill, First Duke of Marlborough. I thoroughly enjoy all of Churchill's writings and wit, and even the less exciting moments are told with a vividness and dedication to historical accuracy (copiously detailed by Winston as his counter to the many slanders of Macaulay's histories) by way of documentation that one can only salute with admiration.

The second volume in the Nobel Prize winner's biography of John Churchill, first Duke of Marlborough: "The greatest historical work written in our century" (Leo Strauss). After the defeat of the Conservative government in the 1929 general election, Winston S. Churchill entered a period of political exile; a time he referred to as "the wilderness years." It was during this time that Churchill began his work on Marlborough: His Life and Times, widely considered to be one of his most ambitious and masterful literary works. Although not as well remembered as his more famous descendant—Churchill himself—Marlborough was an influential soldier and statesman of seventeenth- and eighteenth-century Great Britain, known in his day as a gifted military commander who never lost a battle. This second volume of Churchill's four-part biography brings Marlborough's military successes, political intrigues, and personal passions to life, while his descendant reflects "on the perplexities of alliances, the paradoxes of strategy, and the stresses of combat" (Foreign Affairs). "An inexhaustible mine of political wisdom and understanding, which should be required reading for every student of political science."—Leo Strauss

"It is my hope to recall this second shade from the past, and not only invest him with his panoply, but make him living and intimate to modern eyes."—from the preface to Volume One John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. Victorious in the Battles of Blenheim (1704), Ramillies (1706), and countless other campaigns, Marlborough, whose political intrigues were almost as legendary as his military skill, never fought a battle he didn't win. Although he helped James II crush the rebellion of the Duke of Monmouth, Marlborough later supported William of Orange against James II in the Glorious Revolution of 1688 and brilliantly managed England's diplomatic triumphs during the War of the Spanish Succession. Marlborough also bequeathed the world another great British military strategist and diplomat—his descendant, Winston S. Churchill, who wrote this book to redeem Marlborough's reputation from Macaulay's smears. One million words long and ten years in the making, Churchill's Marlborough stands as both a literary and historical masterpiece, giving us unique insights into the Churchill of World War II, for just as Churchill's literary skill helps us understand the complexities of Marlborough's life, so too did his writing of Marlborough help Churchill master the arts of military strategy and diplomacy. This two-volume edition includes the entire text and almost all the original maps.

The prime minister and Nobel Prize-winning historian begins his four-volume biography of the British statesman John Churchill, first Duke of Marlborough. In the first volume of this ambitious and stunningly written biography, Sir Winston S. Churchill discusses the early career and stratospheric rise of his illustrious, seventeenth century ancestor. John Churchill, the Duke of Marlborough, may have been eclipsed in history by his more well-known descendant, but in his time, Marlborough was considered one of England's foremost military and political leaders. This first installment pays particular attention to personal details of Marlborough's life, and the important role several women played in his success—including his sister, his wife, the Duchess of Cleveland, and Queen Anne herself. Churchill breathes life into these personal connections in order to showcase Marlborough not only as a luminary figure in British history, but also to bring him to life once again in the mind of the reader. "A sustained meditation on statecraft and war by the greatest war leader of our time."—Foreign Affairs "The greatest historical work written in our century, an inexhaustible mine of political wisdom and understanding, which should be required reading for every student of political science."—Leo Strauss

A fascinating new look at a neglected side of Winston Churchill – his life as a professional author – revealing how his most important literary work shaped his role as a world leader, and the history of the Second World War

Portrays the ambitious, impulsive, brave and arrogant English family that gave the world Winston Churchill, describing generations of ancestors who were recklessly wasteful womanizers but also triumphant military leaders all saddled with the upkeep of the family palace, Blenheim. 50,000 first printing.

Winston Churchill was one of the giants of the twentieth century. As Britain's prime minister from 1940 to 1945, he courageously led his nation and the world away from appeasement, into war, and on to triumph over the Axis dictators. His classic six-volume account of those years, The Second World War, has shaped our perceptions of the conflict and secured Churchill's place as its most important chronicler. Now, for the first time, a book explains how Churchill wrote this masterwork, and in the process enhances and often revises our understanding of one of history's most complex, vivid, and eloquent leaders. In Command of History sheds new light on Churchill in his multiple, often overlapping roles as warrior, statesman, politician, and historian. Citing excerpts from the drafts and correspondence for Churchill's magnum opus, David Reynolds opens our eyes to the myriad forces that shaped its final form. We see how Churchill's manuscripts were vetted by Whitehall to conceal secrets such as the breaking of the Enigma code by British spymasters at Bletchley Park, and how Churchill himself edited the volumes to avoid offending postwar statesmen such as Tito, Charles de Gaulle, and Dwight D. Eisenhower. We explore his confusions about the true story of the atomic bomb, learn of his second thoughts about Stalin, and watch him repackage himself as a consistent advocate of the D-day landings. In Command of History is a major work that forces us to reconsider much received wisdom about World War II. It also peels back the covers from an unjustly neglected period of Churchill's life, his "second wilderness" years, 1945-1951. During this time Churchill, now over seventy, wrote himself into history, politicked himself back into 10 Downing Street, and delivered some of the most vital oratory of his career, including his pivotal "iron curtain" speech. Exhaustively researched and dazzlingly written, this is a revelatory portrait of one of the world's most profiled figures, a work by a historian in full command of his craft. "A fascinating account that accomplishes the impossible: [Reynolds] actually finds something new and interesting to say about one of the most chronicled characters of all time."—The New York Times Book Review **A New York Times NOTABLE BOOK OF THE YEAR A BEST HISTORY OF THE YEAR SELECTION** -The New York Sun NOTE: This edition does not include photographs.

NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood—by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly by his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable.

Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts—in a first for a Churchill biographer—to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today—and the fundamental values of courage, tenacity, leadership and moral conviction.

"A richly textured and deeply moving portrait of greatness" (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1923-1939) and shows how it strengthened him and prepared him for his role in the 'hour of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century."—Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly."—The New York Times Book Review

"John Churchill, 1st Duke of Marlborough, Prince of Mindelheim, KG, PC (pron.: /mɪlbr/, often /mʌlbr/; 26 May 1650? 16 June 1722 O.S.), was an English soldier and statesman whose career spanned the reigns of five monarchs. Rising from a lowly page at the court of the House of Stuart, he served James, Duke of York, through the 1670s and early 1680s, earning military and political advancement through his courage and diplomatic skill. Churchill's role in defeating the Monmouth Rebellion in 1685 helped secure James on the throne, yet just three years later he abandoned his Catholic patron for the Protestant Dutchman, William of Orange. Honoured for his services at William's coronation with the earldom of Marlborough, he served with further distinction in the early years of the Nine Years' War, but persistent charges of Jacobitism brought about his fall from office and temporary imprisonment in the Tower. It was not until the accession of Queen Anne in 1702 that Marlborough reached the zenith of his powers and secured his fame and fortune."—Wikipedia.
