Fund Accounting 101: Financial Reporting for Private Equity. When you begin working with a fund accounting provider, you want to know what to expect from working with your fund accountant on a day-to-day basis. Fundamentally, fund accounting will maintain the books and records for the investment portfolio, perform capital calls and distributions to investors, and provide reporting to management on the disposition and performance of the fund assets.

Fund Accounting 101: Financial Reporting for Private Equity Today's only advanced comprehensive guide to private equity accounting, investor reporting, valuations and performance measurement provides a complete update to reflect the latest standards and best practices, as well as the author's unique experience teaching hundreds of fund professionals. In Private

Private equity funds are different than hedge funds because private
equity is focused more on a long-term strategy to maximize profits
and investor returns by partly-owning the companies directly.

PRIVATE EQUITY ACCOUNTING

Private equity (PE) funds and venture capitalists have long recognized opportunities for growth and generation of capital through non-U.S. (foreign) investors. With more U.S. funds engaging in cross-border transactions, the frequency of payments to foreign investors has also increased along with regulatory enforcement efforts in this area including increased penalties, improved systems for tracking reportable income, more examinations and a plethora of regulations.

Reporting considerations: U.S. PE funds with foreign investors
