But there aren't enough éclairs in the world to distract Leah from the hotness that is Sam Cooper – or the fact that he just told her mother that they're engaged . . . which is a big, fat lie. Sam sometime speaks before he thinks. So what started out as defending Leah's date-ability to her judgmental mother soon turned into having a fiancée! Now the plan is to keep up the fake engagement, stay "just friends," and make Leah's family loathe him enough to just call the whole thing off . But Sam has an insatiable sweet tooth, not only for Leah's decadent desserts but her decadent curves. Her full lips. Her bright green eyes. Yep, things aren't going quite according to plan. Now Sam has to convince Leah that he's for real . . . before their little lie turns into one big, sweet disaster.

A chilling chronicle of the often ignored history of vampirism as it has surfaced repeatedly in news articles, historical accounts, and first person interviews, this shocking account of occultist rituals and the inhuman forces that influence them shines a light on the horrifying truth. Revealing that real vampires are not immortal, do not have fangs or sleep in coffins, and have no fear of sunlight or crucifixes, the examination dispels many myths but also confirms the truth behind several traits of real vampires, such as the insatiable thirst for blood and the dream of an eternal soul. Complete with 30 spine-tingling tales of the hideous wraiths and creatures that lurk in shadow, this fascinating collection includes the stories of the Mexican prostitute who mesmerized an entire village, convincing them she was an Incan goddess who required human sacrifice for her magic; the three teenagers who left a trail across the South as they conducted blood-drinking rituals with animals; and the mysterious Lady in Black who draws psychic energy from men who dare approach her as she wanders through city streets and parks.
